

# MURDER

## HOW TO PLAY

The class arrange the chairs into a circle. Deal out the cards to the seated students. The police inspector declares his/herself. He or She has 3 lives or goes to ask students "Are you the murderer?"

Meanwhile the student who has received the murderer card kills people by surreptitiously winking at them.

A person who is winked at must die dramatically. Anyone who fails to respond to the wink will be excluded from further games.

The policeman wins if they get the murderer within their 3 goes or lives.

The murderer wins if the policeman fails to do this.

## EXTRA RULES

If the police person asks the detective they get an extra life.

If the police person asks the gangster they lose a life.
